

Private Lessons with _____

Dear Sir or Madam: This letter is to inform you of a few policy changes for private lessons. We are having an overwhelming request to do private lessons. These changes are for many reasons. One is to insure that privates will not be canceled at the last minute and secondly to make sure that coaches that are being utilized are not taking away from the overall quality of classes offered. So effective immediately these will be the policies in place for doing a private with all coaches.

1. Anyone who is taking private lessons must pay the yearly membership fee of \$50 and be actively enrolled and scheduled each month before their private start date.
2. You can pay by cash or you can make one money order/ cashier's check payable to the coach for the week ala carte' or pay in advance. Privates are \$50 for 30 minutes and \$100 for 1 hour. If you pay for the month in advance it is best to pick one day/time and stay with that day and time (i.e. if there are 4 Mondays in that month you would write the money order/cashier's check amount for \$200 for (4) half-hour privates and (\$360) which includes a 10% off discount for (4) 1-hour privates. No discounts are given for 30-minute privates. You can cashap , zelle, apple pay, or use any other form of pay that you and that specific Coach agrees on.
3. If you miss a private, it cannot be made up if you do not give a 24-hour notice and you will still be responsible for that fee. If the coach is not notified, there will be no refund or credit. If your child's lesson must be changed for any reason each coach will do their best to get you in at another time slot and if there is time in their schedule.
4. Please remember to sign in at the front desk. Also due to the many kids that we train in private lessons, we would ask that parents not coach your child from the sideline. We also ask that you do not compare your child to anyone else's child in or out of the gym. Kids learn at different rates and it makes it extremely difficult when they are compared to other kids. This method will also help with your child's self-esteem. We all are very positive coaches and will treat every kid the same. At times we will push them a little harder than most, but the outcome will still be positive. We may ask from time to time that you step inside the gym, so that you can video your child's skills and progress. This way they can watch what they may be doing wrong. Again, some kids are visual learners, and some are auditable learners. In order to video each parent that steps inside of the training area, MUST also have a signed wavier on file. Otherwise, being on the floor IS NOT permitted. Thank you for putting your trust in the Lift Up Tumbling and Nutrition Cheer and Tumble Coaching Staff!
